

2024 Bond Planning - Safe & Welcoming Environments

Subcommittee Meeting #3 March 13, 2024

Land Acknowledgement

"In the Spirit of Truth and Reconciliation, Denver Public Schools acknowledges that we are gathered today in our schools on the ancestral land of the Cheyenne and Arapahoe Nations. This area was also the site of trade, hunting, gathering, and healing for many other Native Nations: The Ute, Lakota, Kiowa, Comanche, Apache, Shoshone, and many other native nations. We also acknowledge that our country was built with stolen labor, and the generational wealth which was created by the hands and backs of enslaved people was kept from them while enriching others."

Public Comment

20 minutes total

Time Limits: 2 minutes/person or 6 minutes/group

What are the other Subcommittee's doing?

Pursuit of Passion

Arts
Athletics
Innovation

Deep dive into Arts. Safe and updated arts performance facilities and to create facilities at Community Hubs. Includes five regional arts centers with auditorium updates, audio & visual production performances, and reimagine set shops. Sandoval Campus auditorium.

Next meeting: Review Athletics projects & move into prioritization and recommendations.

Enabling Conditions

Capacity
Maintenance
Quality Learning
Environments

Finalize Capacity recommendation and deep dive into Quality Learning Environments, including focused learning environments, educational suitability, and department requests (Health Center & Solar*), plus school determined funds projects.

Next meeting: Finalize OLE recommendations and

Next meeting: Finalize QLE recommendations and move into Maintenance.

District Critical Priorities:

Gateway K-5 Sandoval Campus Auditorium and Health Center ADA/Code

^{*}Sustainability enhancement

Subcommittee Logistics

Meeting Schedule

Topic	Overview & Investment Priorities	Technology Investments Priorities	Air Conditioning Investment Priorities	Safety Investment Priorities	Finalize Package
Date	Tuesday, February 13 th	Monday, March 4 th	Wednesday, March 13 th	Tuesday, April 9 th	Monday, April 29 th
Time	5:30 to 7:30 p.m.	5:30 to 7:30 p.m.	5:30 to 8:30 p.m.	5:30 to 8:30 p.m.	5:30 to 9:00 p.m.
Location	Thomas Jefferson High School	Northfield High School	North High School	Swansea Elementary	Lake Middle School
Agenda	 Public Comment Introductions and Committee Overview Current State Bond Recap Subcommittee Category Overview 	 Public Comment Quick Recap of First Meeting Technology Overview & Decision making 	 Public Comment Technology Recap Air Conditioning Details & Decision making 	 Public Comment Air Conditioning Recap Safety details & Decision making Prioritization preparation 	 Public Comment Finalize Recommendation Recommend Additional Funding Spend

There may be a need for a 6th meeting, depending on how quickly the committee can come to consensus

Sub-Committee Norms

- Start on time, end on time
- Respectful use of technology
- Ask clarifying questions
- Share the airwaves
- Say "the thing"
- Come prepared
- Respect diversity of opinions and views

Anything else?

Technology Recap

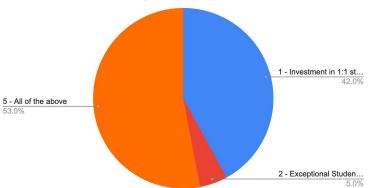

Questions and Answers from previous meeting

Questions from CPAC Technology Group 3/4/24

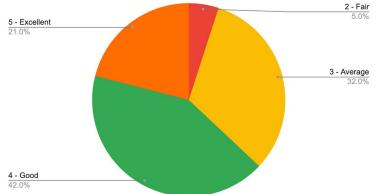

Technology Survey Results

S&WE Meeting #2 (20 Participants)

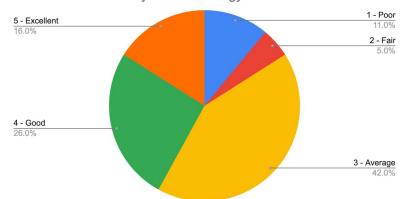

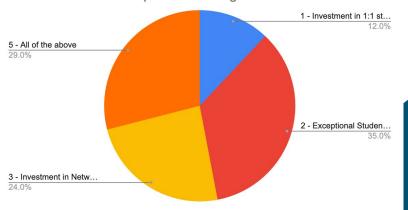

Do you have a good understanding of Technology ask?

Do you support the recommendations of the projects presented by the Technology ask?

Which of these would you support based upon the information presented tonight?

Technology Recap

Poll

Prioritization Criteria

Grounding questions to consider:

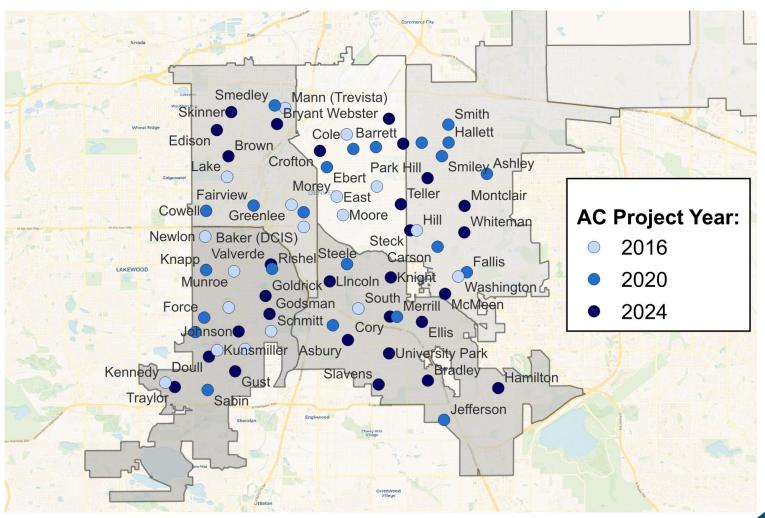

- How can this best support the Strategic Roadmap?
- Does this put students first?
- Will this help improve student outcomes?
- How will this contribute to the District Climate Action Plan?
- Does this support or enable equity?
- Is this essential for school safety?
- Does this address short-term needs?
- Does this address long-term needs?
- What are the alternatives? (i.e. what if we don't do anything? other choices?)
- What is 'non-discretionary' vs. discretionary?
- Others?

Rank:

- Is this important? (rank 1-5)
- Is this urgent? (rank 1-5)

Air Conditioning Project Map (2016-2024)

Note: 1998 Bond and forward include A/C on all new school builds.

Previous Bond Investments in Air Conditioning / Heat Mitigation

2016 (\$70M)

• 18 schools approved for air conditioning / fan upgrades

(1) A. Lincoln	(7) Kennedy	(13) Munroe
\$2.3M	\$2.7M	\$5.1M
(2) Baker (DCIS)	(8) Kunsmiller	(14) Newlon
\$2.4M	\$2.0M	\$0.9M
(3) Cole	(9) Lake	(15) Schenck
\$3.5M	\$2.4M	\$0.9M
(4) East	(10) Mann (TreVista)	(16) Schmitt
\$4.3M	\$2.0M	\$1.5M
(5) Greenlee	(11) Moore	(17) South
\$1.4M	\$0.8M	\$14.1M
(6) Hill	(12) Morey	(18) Washington
\$1.6M	\$1.2M	\$3.7M

2016 Heat Mitigation projects prioritized cooling, along with heat mitigation strategies to reduce building cooling. In some instances, instructional and administrative areas require cooling.

Previous Bond Investments in Air Conditioning / Heat Mitigation

2020 (\$128.5M)

 24 schools approved for air conditioning upgrades (#1-#24 approved for funding)

(1) West	(7) Ashley	(13) Smedley	(19) Sabin
\$10.1M	\$4.3M	\$4.0M	\$4.5M
(2) Force	(8) Fairview	(14) Knapp	(20) Denison
\$5.1M	\$4.2M	\$5.1M	\$3.8M
(3) Grant	(9) Hallett	(15) Steele	(21) Jefferson
\$3.6M	\$5.4M	\$3.9M	\$10.1M
(4) Smith	(10) Columbine	(16) Ebert	(22) Stedman
\$5.2M	\$4.2M	\$4.0M	\$3.5M
(5) Smiley	(11) Manual	(17) Fallis	(23) Carson
\$7.7M	\$9.3M	\$3.6M	\$5.1M
(6) Valverde	(12) Rishel	(18) Cowell	(24) Merrill
\$5.4M	\$6.2M	\$4.3M	\$5.9M

Air Conditioning - Deep Dive

Air Conditioning - Investment Benefits

Pros

- Reduced number of Heat Days per building
- Improved air quality (reduction in seasonal allergies expected)
- Improved focus and concentration for students
 & staff
- Physical environment has an impact on academic performance
- Reduce energy consumption with more efficient equipment

Missed Opportunities

- Higher number of Heat
 Days in an academic year
 (Loss of instructional time)
- Buildings stay hotter for longer (Impacts to the 4 A's: Academics, Arts, Athletics and After School activities)
- Less energy efficient equipment remains in place

Air Conditioning - 2023-24 Heat Days

Number of Heat Days: 5

Air Conditioning

Air Conditioning	Pros	Cons
Status Quo (no electrification)	Added cooling	 More expensive than with 13 CC (+\$14M) No electrified heating Does not support Ends 1.6 Climate Action 30 schools not included for CC
13 Climate Conscious	 Added cooling Electrified heating Saves \$14M Most affordable option for construction cost 	 Electrified heating only when it saves construction cost 17 schools not included for CC
21 Climate Conscious	 Added cooling Electrified heating for 8 more schools 	 More expensive than most affordable (+\$7M) 9 schools not included for CC
30 Climate Conscious	 Added cooling Electrified heating for all 30 schools 	Most expensive (+\$50M)

Question and Answer

Decision Making Frameworks/Conversation

Equity Index

Approach to Equity - Equity Index

As prioritization was evaluated, we used a method to evaluate district-wide equity and equality through an Equity Index that defines a baseline for ALL schools/programs with greater rigor beyond family income.

<u>Student Equity-</u> Providing the resources that students need for success. For measuring student equity, we used the following index:

<u>School % High Poverty + %English Learner + %SPED +%Volatility</u> District Average % High Poverty + %English Learner + %SPED +%Volatility

This is in line with how DPS allocates student-based funding.

What is the Data?

- District average Equity Index (EI) is 1.0
- You can read an El of 1.1 as that school having 10% above average population of students with greater needs. An El of 0.7 indicates that school has 30% smaller than average population of harder-to-serve students.

BOC Prioritization Matrix

Category	Weight	0	1	2	3
		Critical Maintenance/ Facility Does not impact safety	Addresses a life / safety concern that is low priority and does not impact the school's ability to operate	Addresses a life / safety concern that is a medium priority due to the risk of impacting a school's ability to operate	Addresses critical safety violation that directly risks a school's ability to operate
Life / Safety – Ability for School to Safely Operate	3x	Code or ADA Does not impact code or ADA	Addresses a low priority code or ADA issue under which DPS has no obligations and presents no negative impacts to students	Addresses a low or medium priority code or ADA issue under which DPS has no obligations but remedying would present a positive student impact	Addresses a high priority code or ADA issue in which DPS has an obligation to remedy the issue and/or would significantly improve the student experience
		Student Safety Does not impact student safety/Mental and Behavioral Health	The project improves student safety/Mental and Behavioral Health (Nice to have)	Project expands existing student safety/Mental and Behavioral Health investment that is working and/or invests in piloting new work	Project will bring DPS facilities into compliance with evolving standards for student safety/Mental and Behavioral Health
Supporting Value of Equity	2x	The school has an equity index <0.5	Equity index between 0.51 - 1.0	Equity index between 1.01 - 1.5	Equity index > 1.51
Aligned with Instructional Priorities	2x	The project does not impact instruction and academics	The project will improve the student learning environment	The project improves the learning environment and supports new/different instruction	The project directly supports instruction and will support student learning
Time Sensitivity	1x	The project can wait for a future capital request without negatively impacting student experience	The project can wait for a future capital request but would positively impact student experience	The project would enhance the student experience in the near term and/or there is a risk of future cost being significantly higher beyond the rate of construction inflation	The project cannot wait for future funding and the district will fund elsewhere if not from premium to the detriment of other district funded programs

Subcommittee Meeting #4

Meeting Topics: A/C Recap & Deep Dive into Safety

Logistics:

Swansea Elementary 4650 Columbine St, Denver, CO 80216 Wednesday, April 9th 5:30pm -8:30pm

Appendix

Sub-Committee Decision Making

Unallocated & Committee Prioritized Funds

Base Recommendation	Additional Priorities	Full CPAC Package

Subcommittee will create a recommendation based on the allocation for Safe & Welcoming Environments

Guardrails - must stay within dollar threshold; must come to a consensus on all project changes

Not all projects will be able to fit into the base recommendation

Subcommittee will then identify additional priorities, not included in their base recommendation, that they recommend be included in the overall bond package

The full CPAC will review the additional priorities that subcommittees present and vote on which projects to include in the full bond package

Role of this Committee

CPAC

- Review and understand the methodology used to prioritize needs and recommendations for each category
- Provide feedback to the team for categories with multiple options
- Recommend project selection within each category
- Recommend allocation for potential additional funding
- Advocate to the public for facility and school needs

DPS

- Provide current condition of DPS buildings and vision for Facility Maintenance and Planning, Design, & Construction
- Detail assessment process used and prioritization criteria for each category
- Communicate with complete transparency
- Timely delivery of data and information

The recommendation is based on DPS's commitment to student achievement, multiple assessments, the Board of Education & the Strategic Roadmap. The committees are responsible for taking these recommendations and prioritizing projects above or below the line that will be presented to the full CPAC.

Initial Overview of Bond Investments

\$312 Million Safe & Safety Vestibules, Door Access, Safety Systems Welcoming **Technology** Classroom Tech., Network Infrastructure & **Environments Air Conditioning Systems Full Air Conditioning** \$113 Million Arts Stage Renovations & Production **Pursuit of Athletics** Regional Facilities, 21st Century Updates & **Passion Innovation** Athletic Upgrades CTE FNE & SW Centers & STEAM Mobile Buses \$510 Million Capacity **New Buildings Enabling** Maintenance Critical Maintenance, ADA Code, & Facility Life **Conditions Quality Learning** Safety **Environments** Improved Learning Environments

Mitigation, Reserve and
Construction Cost Escalation

22%

Total Project Costs

While the average total bond project cost will vary based on the type of project, the average total project costs averages 48% to support non-construction and indirect costs; i..e., for each \$100 budgeted inDirect Construction Costs, an additional \$48.00 is required to be budgeted to support the non-construction and indirect costs. For example, a new Capacity project with a direct construction cost of \$10,000,000 would require a total bond project budget of \$14,800,000.
